

## **DCD 2021-2022 Covid-19 Guidelines**

### ***Our Commitment to a Safe Place for Our Dancers and Families***

Our primary goal is to keep everyone safe here at DCD. Our world is ever changing and with the rise in COVID 19 Cases and the Delta Variant, we have decided to resume many of our safety and sanitary guidelines. Please read below to see how we will be keeping our dancers safe this year.

*\*Guidelines are subject to change based on State Guidelines and restrictions placed by our state.\**

### **For Your Protection**

1. Only registered dancers and DCD Staff are allowed into our studio space. Our waiting room will be closed.
2. Drop-off can be done at either Elm Street Door or Parking Lot Door. But pick-up must be done on the Parking Lot Side Door. Students will be escorted out by DCD Staff to a parent once their classes are completed.
3. Masks are mandatory regardless of vaccination status. Masks must be worn by anyone entering the building and must remain on throughout their time in the studio. The exception to mask wearing would be if the dancer is taking a quick water break or a mask break that will be supervised by DCD staff to ensure distancing.
4. Hand sanitizing stations will be available throughout the studio and we encourage using these as well as hand washing.
5. All DCD Staff will be wearing masks regardless of vaccination status as well.
6. Please encourage your dancer to use the restroom at home prior to dance class. But the restrooms will be available for use during class time in the case of emergencies.
7. Please limit food, snack breaks are only given to dancers who are scheduled to be in the studio for **3 or more hours**. If this applies to your dancer please bring 1 snack that they can eat quickly and that will make minimal mess/crumbs. Water bottles can be brought into the studios. Make sure to label these in case they are misplaced.

### **For Everyone's Health and Safety**

1. All parents/guardians must sign this document to show that they agree to our DCD 2021-2022 Covid-19 Guidelines prior to the start of the 2021-2022 Dance Season.
2. Keep your dancer at home if...
  - They have been in close contact with someone who has tested positive for COVID 19.
  - If experiencing any cold-like symptoms such as cough, shortness of breath, sore throat, loss of smell or taste, or has fever.
3. If your dancer is sick please have them tested with PCR Test. Proof of negative results must be sent to Gia via email before returning to The Dance Center.
4. If your dancer receives a positive Covid 19 test result, Gia must be informed immediately.
5. If an exposure happens at dance, you will be notified immediately and the proper next steps will be communicated with you.

I have read and understand the "DCD 2021-2022 Covid-19 Guidelines" Guidelines set forth. My child/family member and I will abide by these guidelines to ensure the safety of all present at The Dance Center of Danvers.
